

Ögonpekningsram - bokstäver

Beskrivning

De ljusa rutorna ska placeras på ögonpekningsramens framsida, det vill säga den sida som ska visas mot patienten

De mörka rutorna ska placeras på ögonpekningsramens baksida, det vill säga den sida som ska visas mot samtalspartnern som håller upp ramen.

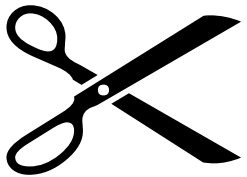

Instruktioner

Klipp ut rutorna med bokstäver och placera i ögonpekningsramens fickor enligt bilden bredvid

- Foto på fram och baksida

Framsida

ja

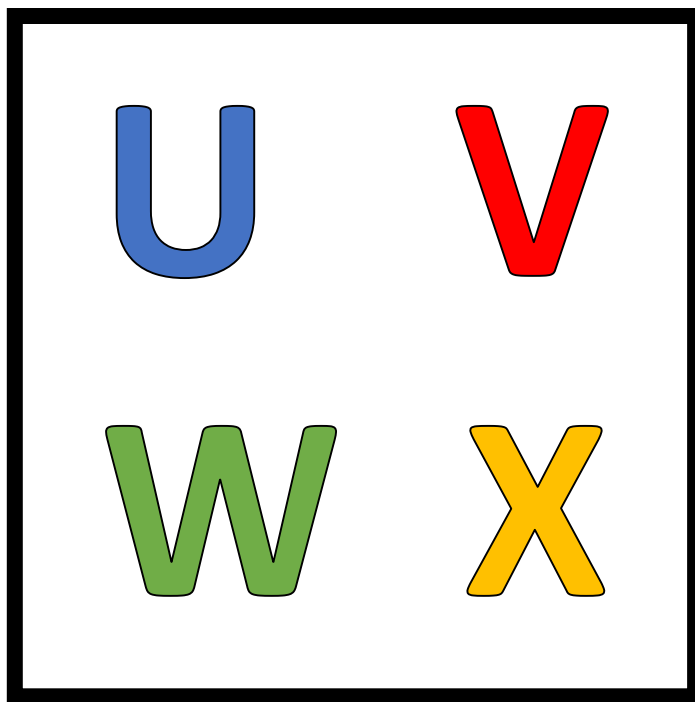

A blue-bordered square containing the letters A, B, C, and D. The letter A is blue, B is red, C is green, and D is yellow. The top-left corner of the square is folded over, showing a blue underside.

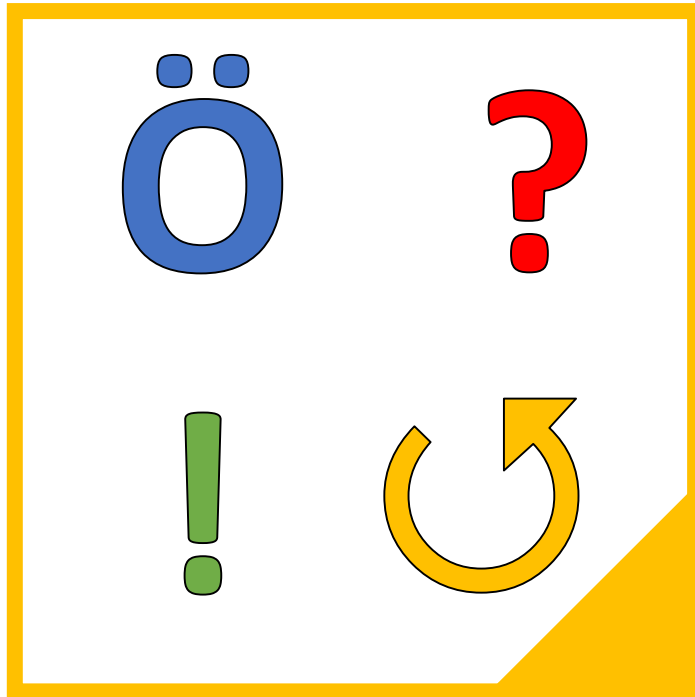

A black-bordered square containing the letters E, F, G, and H. The letter E is blue, F is red, G is green, and H is yellow.

A black-bordered square containing the letters I, J, K, and L. The letter I is blue, J is red, K is green, and L is yellow.

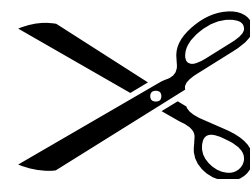

A red-bordered square containing the letters M, N, O, and P. The letter M is blue, N is red, O is green, and P is yellow. The top-right corner of the square is folded over, showing a red underside.

Framsida

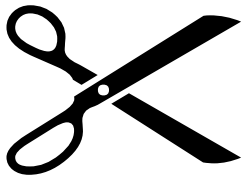

A dashed black rectangular box containing the word "Framsida" in a black, italicized serif font.

nej

A black-bordered box with a white background containing the word "nej" in a bold, black, sans-serif font, oriented vertically.
